PRICES FLOUATE IN MARKET STOCKS

After Bullish Movement of First Hour Trading Comparatively Quiet.

NEW YORK, Sept. 7.—The tone of the stock market at the opening was steady, and with a few exceptions, price movements, showed average change of not more than 1/4 to 1/2 per cent. Brooklyn Rapid Transit was one of the most active features, and on heavy initial dealings opened 1/4 above yesterday's close, and gained another 1/4. United States Steel common was also heavily bought, it opened at 17, representing a gain of 1/2. Canadian Pacific rose 1/4 and Baltimore and Ohio was up 1/4. Gains of 1/4 were recorded in St. Paul, Louisville and Nashville, Chesapeake and Ohio, Chicago and Northwestern, Amalgamated Copper was unchanged.

Sharp Advances Made.

The Street and road were full of bull points before the opening on the Hill stocks, Reading and Union Pacific, and in the early trading these stocks made sharp advances. The supply increased, however, as higher price levels were reached, and the demand became less urgent during the first hour. Some of the buyers, and especially road traders, who had taken an aggressive position on the hill side, turned sellers and quickly unloaded all the stocks they accumulated in the first few minutes. This made an irregular market in the active issues, the early advances being followed by a reaction of about 1 point. In this reaction, however, orders appeared from many strong interests, and in some stocks it was of an impressive character and the supply was exhausted just as quickly as the early demand had been filled. The most significant buying was in Northwestern, which sold at 215. Reading, after early advance to 145, dropped to 143, and then quickly rallied above 144.

Government bonds were unchanged. Railroad and other bonds were quiet and lower.

After the first hour trading in the stock market was comparatively quiet and without special feature, except in the case of the Vanderbilt group.

FINANCIAL GOSSIP

Directors of the American Car and Foundry Company have declared the regular quarterly dividend of 1 1/2 per cent on the preferred stock, payable October 1.

The Comptroller of the Currency has issued a call for a report on the condition of national banks as of September 4.

P. A. B. Widener, the Philadelphia railroad magnate, who has been ill at his home in Elkins Park for several days, is reported to be better. He is under the care of several specialists, who say that his condition is not serious.

Thomas F. Ryan, in a report to the Virginia tax commission, gives his annual income as \$150,000. The tax on income being \$1 per thousand, the State derives \$1,500 from this source. Mr. Ryan's tangible property is assessed at \$55,600, but the list of securities is not procurable.

The New York Commercial says: Those who had counted on assistance from Secretary Shaw at the "paper time" were not disappointed. The bull forces have all along assumed a strikingly confident air, whether the source of their inspiration be one known or not.

Over \$10,000,000 of the \$14,000,000 outstanding income bonds of the United Railways and Electric Company of Baltimore are said to have been deposited under the hands of the State, and recently formulated. In connection with this plan also, a mortgage securing \$1,000,000 5 per cent bonds of the Maryland Electric railway has been filed.

RAILROADS PREFERRED

LOSSES A HALF POINT ON THE SELLING OF SEVERAL SMALL LOTS.

The persistence of the bear element on the stocks and bonds of the Washington Railway Company was continued today and special attention devoted to the preferred, which was forced down a half point to 57 1/2 on sales of single quotations. The common was also held down by liberal offerings, although no transactions were recorded.

The selling of Gas stock was continued from the same source that has supplied it during the week and as the clients of the broker who appears as the seller are well known to have innumerable quantities there is little disposition to do more than fill the few orders outstanding.

In trust stocks higher prices were registered on American Security, while a lot of ten shares of Union at 127 1/2 marked the first sale for several weeks.

The bond list was slightly more active than usual and generally prices held steady.

The regular Saturday session of the stock exchange, which has been omitted through the summer months, will be resumed tomorrow, September 8.

W. Riley Deebye, J. Theiman—Hendrick, and John L. L. were again on the floor of the exchange looking altogether as though their vacations had well agreed with them.

STENSLAND GUARDED AGAINST SUICIDE

TANGIERS, Sept. 7.—The American anglers, fearing the escape or suicide of Paul O. Stensland, have placed additional guards to watch over the prisoner. He is being subjected to a stricter regime as the days pass.

The morning the banker asked to be supplied with postage stamps. Even this apparently harmless request was refused. Another restriction is that he is not permitted anything to drink except mineral water. During the first day of his confinement Stensland was permitted to drink anything he pleased in moderation.

The statement is made today that Stensland was quite sick yesterday and the day before, but refused to see a doctor. He is reported to be in good condition today and anxious to return to the United States.

CHARGED WITH ASSAULT ON GIRL OF FIVE

Under the grave charge of assaulting little five-year-old Hazel Wells, of 113 Thirteenth street northwest, Harry Kramer, of 200 First street northwest, was arraigned in Police Court this morning. In order that the serious charge may be more fully investigated the case was continued until next Tuesday morning.

BRIDGE TRAFFIC TIED UP

Traffic over the Anacostia bridge was tied up for more than an hour last evening as a result of the overhead trolley wires being torn down by the rigging of a lighter, which was being towed through the draw. The lighter was in tow of the tug Little Agnes, in charge of Capt. G. E. Cook. The tug passed freely through the draw, but when the lighter reached the bridge the rigging caught in the wires, tearing them completely down.

LONGWORTH SURE OF RE-ELECTION

Leaves Oyster Bay for Cincinnati Predicting His Return to Congress.

OYSTER BAY, N. Y., Sept. 7.—Representative and Mrs. Nicholas Longworth left Oyster Bay at 11:15 a. m. for Cincinnati. They expect to catch the 2 p. m. train at Jersey City.

Before leaving, Mr. Longworth announced very emphatically that he would be nominated and re-elected and denied with considerable warmth the report that "Boss" Cox, of Cincinnati, was planning his defeat.

"Boss Cox a 'Has Been.'"

"Boss Cox," said Mr. Longworth, "is now a negligible quantity in politics and has retired from active participation in political matters. Therefore, his opposition or his support are of equally small importance to my candidacy. Possibly because I was not a delegate chosen for the State Republican convention some jumped to the conclusion that the 'boss' had decreed my political death."

He will be nominated and elected this fall. Of that I have not the slightest doubt. The opposition from the Democrats is not worthy of my notice, and I feel sure that I will be re-nominated by my own party without any fight whatever."

Phone to Chairman Sherman.

Mr. Longworth said that he had expected to make a trip to New York for the purpose of consulting with Chairman Sherman at Republican Congressional Committee headquarters.

"Guess the best I can do now," said Longworth, "will be to call him up on the phone when I get up to the city."

Mr. Longworth stopped quickly and made a rush for the train when he was asked about New York State political matters.

CUBANS AGREE TO ARMISTICE

ALLEGED PICKPOCKETS BOBBED COLORED FOLKS

HAVANA, Cuba, Sept. 7.—Quiet reigns in Havana and Santa Clara provinces as the result of the armistice arranged yesterday, but in Pinar del Rio province the situation is threatening.

All efforts to induce Pinar del Rio to agree to the armistice have failed so far, and it is expected that the province will be the scene of a battle between the forces of the United States and the forces of the Cuban revolution.

Colonel Avalos, the loyalist commander, has a much smaller force which can hardly hope to successfully oppose the forces of the United States.

Hopes are still entertained that the peace commissioners sent to Guera will succeed in arranging an armistice.

MUTINY ABOARD YACHT FOLLOWED BY BATTLE

PHILADELPHIA, Sept. 7.—Mutiny among the crew of the yacht Sybilla, a private pleasure craft, belonging to John Betz, Jr., son of the millionaire lawyer and director of the wrecked Real Estate Trust Company, of this city, resulted in an armed battle early this morning, in which one man was thrown overboard and two others were badly wounded.

A Greek sailor was tossed into the Delaware river, and was reported drowned. The Delaware harbor police grappled for his body, but he managed to clamber aboard again, after being in the water more than an hour. Two of the mutineers were arrested, and two others are in the county hospital, Camden.

SUBURBAN LEAGUE'S POSTPONED GAMES

The Suburban League of Baseball Clubs of Prince George county has arranged the following schedule for the postponed games to be played before the end of the season on September 15:

September 8, Laurel at Hyattsville. September 10, Berwyn at Hyattsville. September 12, Hyattsville at Laurel. September 14, Hyattsville at Brentwood.

September 15, Berwyn at Hyattsville. The playing season started May 15 and will end September 15, as per specific rule adopted at a meeting held last spring.

"Manager Baker's claiming the pennant has amused rather than annoyed the other managers of clubs comprising the league," says President Bond.

The official standing of the clubs to date is as follows:

Wen. Lost. Per. Laurel 16 11 59.36; Hyattsville 14 11 56.92; Berwyn 12 16 42.86; Brentwood 12 16 42.86.

BIG PRICE IS OFFERED FOR STONE PROPERTY

It is reported on what appears to be good authority that an offer of \$20,000 advance over the price recently paid for the corner of Fourteenth and F streets, on what is generally known as the Stone property, has been made.

As the sale price was \$120,000, this would bring the offer well over \$200,000, and as the plot contains about 2,500 feet, would make the price per foot close to \$80, which would be a very high price ever paid for Washington property.

PANAMA ELECTION GOES TO OBALDIA

President Amador Now Expects to Visit This Country.

PANAMA, Sept. 7.—The election of vice presidents of the Panama republic by the new national assembly yesterday resulted as follows:

First vice president, Gen. D. Obaldia; second vice president, San Boyd; third vice president, General Alsipuru.

Great bitterness was aroused by the election on account of the contest between General Obaldia and Senor Guardia. This culminated in a general street fight on Tuesday between the partisans of the two candidates and the killing of Congressman Demetrio Quintero, a supporter of General Obaldia.

Owing to the success of General Obaldia, President Amador is expected to accompany Secretary Root on the return of the latter to Washington, and afterward to make an extended tour of Europe. The President announced several days ago he would take such a trip if congress would designate Obaldia to act in his absence, and it is now expected he will carry out his plan.

DETROIT, Mich., Sept. 7.—Henry J. Greata claims to be the heir to the fortune of \$500,000 for whom Attorney Elbert Young, of Salem, Mo., has advertised through the police. Greata is working in an organ factory for \$12 a week, but says he will never go back to work. He claims to be the son of a man who died in 1880, and has a record at home. Greata says he left Salem seventeen years ago and has been a cattle man, office boy, and wanderer since then.

RAILWAY MACHINISTS IN WAGE CONFERENCE

The committee representing the machinists employed by the Southern railroad, and the officials of the road, have resumed their conference on the wage scale for the ensuing year. The conference is harmonious, and Mr. Spencer of the Southern is quoted as saying the danger of any labor trouble is very remote.

It will be some little while before the question is finally determined, as counter-propositions must first be passed upon by the lodges in the several States which will be affected by the new scale.

BANK EMPLOYEES MUST REPORT EVEN SUSPICIONS

CHICAGO, Sept. 7.—James B. Forgan, president of the First National Bank of Chicago, has issued a public statement to all of his employees to report at once even a suspicion of any irregularities in the bank. Failure to report will be regarded as guilty knowledge. Similar instructions have been given by George M. Reynolds, president of the Continental National Bank. This action is based upon the fact that some of the clerks of the First National Bank have had knowledge of the frauds perpetrated by officers of that bank and did not report it to anyone.

RATE WAR BETWEEN BIG TRUNK LINES

PITTSBURG, Sept. 7.—The Vanderbilt railroad interests have decided to carry war to the Pennsylvania system in the matter of rates, and aim to invade the territory of the Central Passenger Association. A three-sided long-distance telephone conversation was held during yesterday, Chicago, New York and Pittsburgh being on the line, and at 5 o'clock there was issued from the office of L. A. Robinson, general passenger agent of the Pittsburgh and Lake Erie here a statement that the New York Central system was placing on sale a new interchangeable 1,000-mile book, which sees the move of the Pennsylvania, which the Vanderbilt interest decided to place on sale to offset the action of the Pennsylvania, when it issued a book good on several different lines for \$2.

Another feature is that the new books will have no limit, whereas the Pennsylvania system allows the new book to be used only once. The New York Central's book will be good until used.
